Winter Music for brass quintet & percussion op 113 (1981-84) ca 11'

Ditt tempel är mörkt och lågt är dess valv,
Allhelgonadag!
Där slocknar sommarens hymn som ett skalv
av klämtande slag.
Sin mantel river den svarta sky,
och lundarnas bleknade trasor fly,
och natten mässar om allt som är dött,
allt hö, allt kött.

Erik Axel Karlfeldt.

For nogle år siden skulle jeg holde et seminar med egne værker på konservatoriet i Ålborg, og ved et planlægningsmøde foreslog en af lærerne at jeg skulle skrive noget for brass-kvintet, "og du kan også bruge slagtøj". Den idé fængede, så meget at der blev en masse materiale i overskud, og det har jeg det sidste halve års tid bakset og regeret med at få tømret sammen til et større stykke. Det er en musik der ofte er tung, træg og mørk, og først hen imod slutningen bliver de latente kræfter sluppet løs.
